Glouster Village Mayor

Responsibilities: The mayor is the chief executive of the village.
The mayor supervises the administration of the village, presides at council meetings, and may appoint various village officials.

Candidates in alphabetical order	**If elected, what would be your top priority for the first year? How would you address it?**	**What is your vision for the village for the next 4-6 years?**	**What do you see as the village's current strengths and areas for improvement?**
Jerry L. Lenigar	Working on the infrastructure of the Village including streets and electrical. Reinstate the Board of Public Affairs. If the Village is financially able, to add an additional police officer. Try to solicit more businesses to open in the Village. This would require seeking additional funds through grants and outside sources.	The Village of Glouster was once a safe and thriving town. I would like to see that return. This requires the cooperation of the Village Officials, the Village Police Department and the citizens of the Village all working together. Find more opportunities and activities for the youth. There are many organizations in the County who can provide these services and the Village, and its citizens should become more engaged to seek out and utilize these organizations.	The Village's strengths include the community. This community bonds together when needs arise. In addition, its proximity to Burr Oak Lake and Wayne National Forest provides opportunities for tourism. The area for improvement is cooperation between the Village and its citizens working together to make our community stronger, safer and more prosperous.
Samantha Sikorski samjsik121891@gmail.com	My top priority, if re-elected for Glouster Mayor, is to relocate to our new Village Hall. This new location will consolidate our Police Department, the Water and Electric Office, and Council Chambers.	My vision for the Village of Glouster for the next 4-6 years is to continue upgrading our infrastructure, working on revitalizing our downtown area, and getting a connection to public transportation.	In my opinion, Glouster's greatest strength has always been our resilient community. Concerning areas of improvement, I would continue focusing on improving our infrastructure (streets, bridges, storm drains, and our electric grid). Additionally, we should be working on attracting new businesses to our downtown area and advocating for substance abuse and mental health services for our community.
Jon D. Stevens	I think I would like to see more small business brought to Glouster and the surrounding area. I would get with current business owners and see what would be the best approach.	I would like to see the village street cleaned up and maintained on a regular bases. Help get the vacant buildings either cleaned up and used or have them torn down.	I haven't been up to date on the villages current issues. So I would address accordingly and as appropriate as possible if elected.

Coolville Village Member Council (2 to Be Elected)

Responsibilities: Village Council is the legislative authority of the village. Council members set village policy and may work on issues such as water/sewer, safety, streets or parks.

Candidates in alphabetical order	**What specific skills or abilities would you bring to the village council?**	**Why do you want to serve as a council member?**	**If elected, what is your top priority? How would you address it?**
